

*collaborative, professional and refreshing design*

# About Us

# welcome

**DPA | Dwight Patterson Architects** is a full-service architectural firm offering Contemporary Modern design solutions in the areas of Residential, Religious and Commercial architecture. For more than 20 years **DPA** has contributed to solving Client's design challenges. Believing that design is a conversation between Client and Architect, we explore and create solutions that are **collaborative with the Client and specific to the Client**. Our focus is to create architecture balanced with its natural environment. Along with being aesthetically appropriate to the site, neighborhood or community, our goal is to complete projects that are energy conscious, **add value and inspire a greater sense of satisfaction for the Client**.

We are licensed Architects with the States of Texas and California, and member of the American Institute of Architects, and Texas Society of Architects.

## Architectural Services

**DPA** will design and produce construction documents for your project. Along with the specifics to reach your goals, we take a broad view; defining the parameters, researching & developing ideas, refining the ideas, documenting the solutions and conveying them to the Builder. With our professional experience and relationships, we help you navigate through the countless decisions you will need to make; implementing and tailoring your ideas in such a way to meet your needs and budget. We will coordinate soils testing, surveys, structural engineering, and builder budget pricing. Furthermore, we will coordinate with a variety of consultants that you may want to engage including landscape architects, interior designer as well as kitchen and lighting consultants. When construction begins, we'll confirm conformance with the documents, answer questions, assist you in final decisions and review applications for payment.

For performing the work described above, an hourly rate will be charged not to exceed 10% of construction cost. We offer flexible compensation that reflects only the extent of services required.

We appreciate your consideration and the opportunity to work with you.

Sincerely,

– the **DPA** team
